multi sensory experience

## term four newsletter

### Happy Birthday Southern Centre!

The Southern Centre Multi Sensory Experience proudly celebrates its 4 year anniversary this month.

The Southern Centre has been a true success story for multi sensory environments here in Christchurch. Opening in 2003, it was originally a Turning Point 2000 project. It is now a great partnership between the Southern Centre Charitable Trust and the Christchurch City Council.

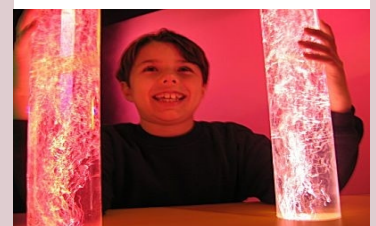

The Southern Centre has provided a unique recreation and leisure opportunity to over 11,000 people of all abilities. Being located in a major public recreation/leisure complex has been a true dedication to inclusion in this city. Participants are involved in the leisure lifestyle of the community. We are all recreating together!

In 2006 The Southern Centre was also lucky enough to win a World Leisure Award for Ex-

cellence in Innovation. This award recognizes the sophisticated computer system and integrated switch systems, which allow individuals to control their own environment.

The award is a great tribute to all the individuals who were dedicated to making this project happen!

Bring on the next 4 years!
